A. Terms

Payment terms for this contract are net forty-five (45) days. Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. **B. CAL-Card Use**

State departments may use the CAL-Card for the payment of invoices. Use of the CAL-Card requires the execution of Purchasing Authority Purchase Order (Std. 65) as referenced in Article 17 (Purchase Execution) and must include all required documentation applicable to the purchase.

The CAL-Card is a payment mechanism, not a procurement approach and, therefore, does not relieve departments from adhering to all procurement laws, regulations, policies, procedures, and best practices, including those discussed in the State Contracting Manual (SCM) Volume 1 and Volume 2. This includes but is not limited to the application of all sales and use tax laws, rules and policies as applicable to the purchase.

**C. State Financial Marketplace**

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Supplier will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the supplier on behalf of the State.

**D. Payee Data Record**

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the contractor for copies of the Payee Data Record.

**40. CAL-CARD INVOICING**

All CAL-Card invoices are to be processed separately from other payment methods and include the elements identified in Article 38, Invoicing. CAL-Card invoices shall be submitted to the CAL-Card account holder.

Note: The total invoice amount for each CAL-Card order must reflect a zero balance due or credit, if applicable, and state "paid by CAL-Card".

## Contract (Mandatory) 1-16-70-08D Contract User Instructions

Individual orders may have no applicable participation or may have participation greater than that of the total contract commitment. The exact participation percentage levels for each purchase order will be determined on an order-by-order basis in cooperation with the Contractor prior to submittal of a Purchasing Authority Purchase Order (STD 65).

The DGS/PD, as the awarding department, has assessed the prime Contractor and subcontractor certifications and CUF during the solicitation evaluation process. As a result, when executing purchase documents pursuant to this contract it is not necessary for State departments operating under statewide contract purchasing authority to request the completion of a Bidder Declaration document or perform additional CUF analysis. The department should make a notation of this within their procurement file.

Exception: It is the responsibility of ordering departments to confirm CUF when value-added services are acquired by an ordering department and performed by certified SB/DVBE subcontractors consistent with commitments identified in the table above.

Any irregularities or concerns regarding prime or SB/DVBE sub-contractor responsibilities are to be immediately documented and reported to the State's contract administrator for further investigation. Information provided to the State's contract administrator includes, but is not limited to:

- Copy of executed purchase document
- Value-added service description
- Work performance issue or concern
- Department contact name, email, and phone number

Departments may request from the Contractor a monthly report providing the SB/DVBE participation levels on purchase orders.

### 49. TAKE BACK/TRADE IN

Before any Take Back or Trade-In can occur, ordering agencies must obtain approval for discarding their IT equipment from the DGS Surplus Property and Reutilization Program. In accordance with the State Administrative Manual (SAM), Chapter 5900, Information Technology-Disposal of IT Equipment, each agency must explore the reutilization of surplus IT equipment prior to requesting approval for recycling or attempting to use the equipment as a credit toward the purchase of new equipment.

This contract offers a Take Back service for *similar* equipment, including other OEM equipment. This Take Back service is for non-working equipment. It is not mandatory that the ordering agency use the Take Back service offered. The equipment returned as part of the Take Back service shall be environmentally responsibly managed. To the greatest extent feasible, the equipment is to be refurbished for resale or recycled.
